- Size of activator:** A numeric input field set to '16' with a unit dropdown menu set to 'px'.
- activator background color:** A color input field set to '#48ab1a'.

Promotion Title and options:

You need to add a title for your promotion, which you can connect with the selected page.

- Options:**
- the colour of the title
 - the font size of the title in px or in em
 - the line-height

The screenshot shows a configuration panel titled "Title for Promotion and options:". It contains a text input field with the text "I'm serious as a heart attack". Below this, there are three sections: "Title color:" with a color picker set to "#276926"; "Size of title:" with a numeric input set to "24" and a unit dropdown set to "px"; and "Title line height:" with a numeric input set to "1".

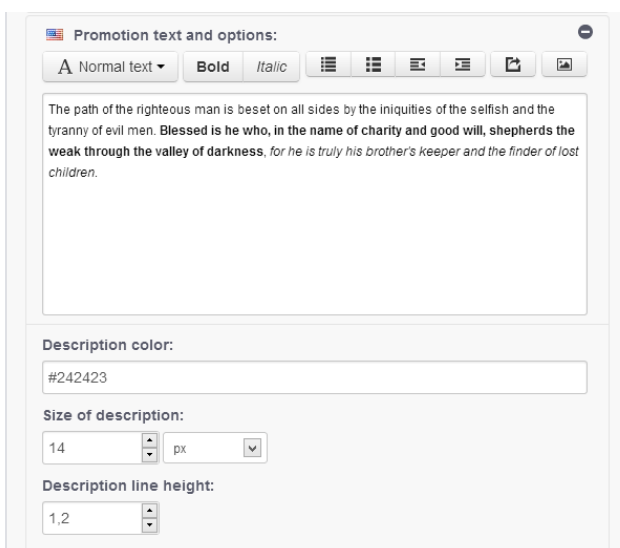

Link for Promotion

The banner will lead the customers to the selected link, which can be open in a new browser new tab.

Description:

You can add a short description to your promotion banner, with a very simple Wysi editor.

- Options:**
- text colour
 - font size is px or in em
 - line-height

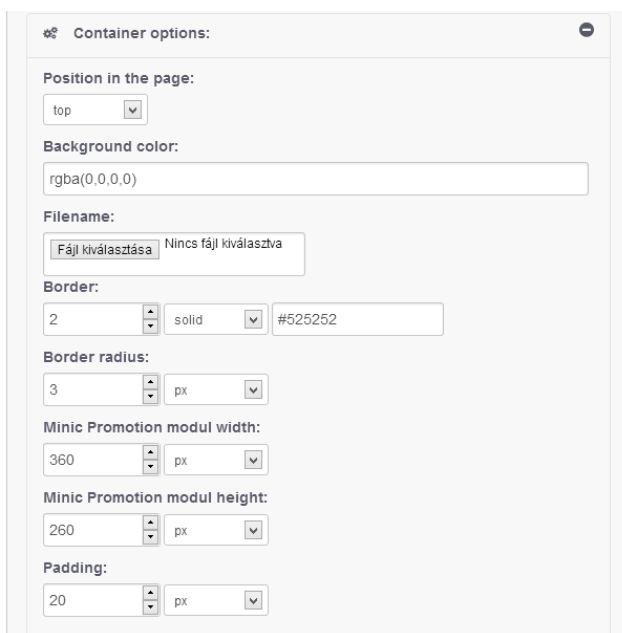

The screenshot shows a configuration panel titled "Promotion text and options:". It features a rich text editor toolbar with options for "Normal text", "Bold", "Italic", and various alignment and list tools. The text area contains a paragraph: "The path of the righteous man is beset on all sides by the iniquities of the selfish and the tyranny of evil men. Blessed is he who, in the name of charity and good will, shepherds the weak through the valley of darkness, for he is truly his brother's keeper and the finder of lost children." Below the editor, there are three sections: "Description color:" with a color picker set to "#242423"; "Size of description:" with a numeric input set to "14" and a unit dropdown set to "px"; and "Description line height:" with a numeric input set to "1,2".
